LAST YEAR ALONE,  
RESPONSE AND DAMAGE COSTS FOR LUBRICANT LEAKS  
COST MARINE BUSINESS OWNERS  
**\$322,000,000.**

ENOUGH TO EMPLOY  
**6,440** ABLE-BODIED  
SEAMEN

ENVIRONMENTAL SAFETY SOLUTIONS.

As you know, environmental regulations continue to evolve. Clarion® Lubricants is committed to helping you meet the 2013 Vessel General Permit and 2014 Small Vessel General Permit with formulations that offer excellent anti-wear properties. With options that are readily biodegradable, zinc-free and non-toxic in acute aquatic toxicity tests, our lubricants provide confident protection for your operation. And our waters.

Contact an expert or visit [ClarionEnviroSafety.com](http://ClarionEnviroSafety.com) to learn how the right lubricant can help your business.
